Eight Million Dollar Industry Will Be Located In Glendale

OPTION SECURED ON LARGE TRACT FOR DEVELOPMENT

OHIO CAPITALIST TO LOCATE PLANTS HERE; RESULT OF ACTION BY C. OF C.

Glendale wins an \$8,000,000 industry. This is the announcement made to a representative of The Glendale Evening News by W. O. Brues, an Ohio capitalist.

- 1—A rubber tire factory.
- 2—A rubber reclaiming plant.
- 3—A fabric mill.

These factories will employ 3000 people and bring to this section approximately 15,000 residents, it is estimated.

S. P. to Lay Spur Track

Mr. Brues states that the Southern Pacific at once will start laying this spur tracks on which construction material will be delivered. Already he has the financial backing to launch this great enterprise and he has no stock for sale to local people.

DANCE AT ELKS TONIGHT

Tonight is the night of the April Elks dance for the benefit of the Elks Patrol Team. Some unusual stunts have been provided by the entertainment committee for the amusement of the guests during the evening.

REAL COMMUNITY CENTER FORMED BEHALF CENTRAL AVENUE SCHOOL

Athletic Contests Prove Exciting; Baby Day and Other Features Are Being Planned

"Baby Day" and other unique features are being worked out upon the Central Avenue school playground, which is open to all the children of the neighborhood Monday and Wednesday afternoons from 3 until 4:30.

Girls teams of ten players each in court captain ball meet, on two-story courts and battle courageously for the glory of the blue, gold or purple. This game is similar to basketball, but is played with goal posts and gives every girl a chance to develop in every position.

Teams of indoor baseball enthusiasts side of the grounds, where the star teams struggle for supremacy. Track events are being worked out.

Today's World News In Brief

(Special Service to Glendale Evening News)

REGENT OF HUNGARY RESIGNS IN FAVOR OF CARL
LONDON, April 1.—The resignation of Regent Horthy of Hungary in favor of former Emperor Carl was reported here today by the Exchange Telegraph.

HUNGARY FACES CHOICE OF MONARCHY OR DEMOCRACY
BUDAPEST, April 1.—Facing a choice between monarchy and democracy, the Hungarian parliament met today. Monarchists prepared to press the claims of former Emperor Carl. A monarchist alternative was the declaration of a regency for Carl's oldest son, Prince Otto.

FORMER EMPEROR CARL TO LEAVE HUNGARY, REPORT
PARIS, April 1.—Former Emperor Carl has agreed to leave Hungary, according to the newspaper Bon Soir. Carl's departure is only a matter of hours, the paper said today. It declared Carl and representatives of the government reached an agreement at Steinamanger.

FREIGHT RATE REDUCTION ON FRUIT IS ORDERED
WASHINGTON, April 1.—Through car load freight rates on fruit from California to Utah points must be reduced to a figure "not in excess of the aggregate of the intermediate rates," the interstate commerce commission ordered today. New tariffs must be effected before June 25.

ALLIES ISSUE WARNING TO AUTHORITIES OF HUNGARY
PARIS, April 1.—The allies today warned Hungary that "disastrous consequences" will result if former Emperor Carl is restored to the throne. The warning was dispatched by the council of allied ambassadors. The note declared the allies will not tolerate a Hapsburg restoration nor recognize any such government.

FURTHER PENALTIES TO BE INFLICTED UPON GERMANY
PARIS, April 1.—Allied ambassadors have been instructed to prepare plans for further penalties to be inflicted on Germany, the ambassadors' communique said today. The penalties to be drafted by the ambassadors and their experts are to be submitted tomorrow. The decision was reached following Germany's failure to complete disarmament by April 1 as demanded.

APRIL BUILDING STARTS OFF WITH RUSH; PLAN NEW BUSINESS BLOCKS

Over \$7000 in Permits Issued in Four Hours at City Hall; New Structure on Brand

April building has started with more than the usual Glendale speed. In four hours' time there have been over \$7000 in permits granted at the building inspector's office in the city hall.

Among the many new business blocks to be announced in the last few days, Julius Kranz states that he is having H. D. Charlton of the Bentley-Schoeneman Lumber company prepare plans for a two-story, four-room store structure to be located on the southwest corner of Brand boulevard and California avenue.

The building will have fifty-three

feet frontage on Brand and sixty feet in depth. It is Mr. Kranz's plan to extend the building to the full eighty-six feet in time, adding several more store rooms on the California avenue side.

A drug store is seeking the corner location and numerous renters have approached the builder for both store and office space. In this same block it is understood that Neale & Gregg have purchased a lot with a view of building. J. H. W. Parker is already erecting a one-story three-store building and will go ahead with a two-story structure at once.

It is also stated that J. M. Blankenship and S. P. Davis have purchased a lot on the east side of Brand boulevard between Wilson and California avenues with the intention of building.

The following building permits were issued this morning up until 12 o'clock noon:
John Brown committee, temporary tabernacle, Harvard and Orange \$ 3,500
John Mickelson, 5 rooms, 716 North Jackson 3,000
Mary Ogden Ryan, garage, 318 North Maryland 327
R. L. Stowell, 2-room garage, 135 South Belmont 275

Elizabeth Mottern's Playing Is Excellent

Miss Elizabeth Mottern, daughter of Rev. and Mrs. R. W. Mottern of 211 North Adams street, was the accompanist for Miss Lillian Backstrand, coloratura soprano, at a recital given last night in connection with Kathleen Parlow, world's greatest woman violinist, in the ballroom of the Ambassador hotel, Los Angeles. There were between three and four hundred music lovers present. The numbers for which Miss Mottern accompanied Miss Backstrand at the piano were "Charmant Oiseau," from "La Perle du Bresil" (F. David), with flute obligato by W. E. Hullinger; "Kolibri Visa" (Hallstrom); "Echo-Song" (Thrane); and "Welcome—Sweet Wind" (Cadman).

J. F. Stanford Back From Trip To India

J. F. Stanford, of the Stanford Real Estate company, 112½ South Brand, returned to Glendale yesterday with his wife and son from a few days' visit to a ranch in India owned by Mr. Stanford's father. The trip was made via automobile, and as weather conditions were perfect the outing was entirely an enjoyable one.

BRANDS ENTERTAIN AT AVIATION LUNCHEON

VERDUGO FOOTHILL HOME IS SCENE OF FIRST EVENT OF ITS KIND IN AMERICA

Mr. and Mrs. Leslie C. Brand entertained this afternoon at what is said to be America's first "aviation luncheon."

The event was held at their palatial home in the Verdugo foothills northwest of Glendale. There were twelve visiting planes on the landing field at 1 o'clock this afternoon in addition to Mr. Brand's limousine plane and his "flyabout."

Early in the day G. C. Budwig in the pilot plane flew over Glendale and escorted the first arrivals to the field in the foothills. Soon after the great army machines were winging their way over the city from Riverside and the colored wings of the "stunt" flyers including Earl Daugherty, E. R. Remlin, Neta Snook and others were to be seen dotting the horizon.

Among the notables in attendance at the effete affair were Mary Miles Minter and Ruth Roland, motion picture stars.

Photographers Busy

Quite a large number of autoists were present to see the planes arrive and James Horne and other motion picture men were busy recording the affair for news reels. Practically all of the Los Angeles newspapers had staff photographers and society reporters at the affair.

Mr. Brand is an aviation enthusiast and the "luncheon" today will go down in history as one of the greatest bits of publicity Glendale might desire. The visitors were all delighted with the beauty of the Verdugo foothills and undoubtedly many similar events will be held in southern California during the summer social season.

Some of the Guests

Among the guests, the following had arrived by 12:30 o'clock when Mr. Brand escorted them to the clubhouse prior to the serving of the luncheon:

Earl Daugherty, Neta Snook, Peyton Gibson, R. L. Short, Wally Timm, Fred Whitney, A. H. Hays, L. T. Eliel, C. R. Little, Ross Stern, G. Edward Barnhart, Mr. Martin, K. M. Turner, E. C. Robinson, Ruth Roland, E. R. Remlin, W. D. Waterman, Bob Haines, Ralph Lake, Mary Miles Minter and others.

Majors B. R. Young, J. H. Howard, E. A. Lohman, J. H. Rudolph and C. L. Tinker—all from March Field near Riverside—also were among those present, flying to Glendale in their 400-horsepower army planes.

Miss Ruth Wilson Is Guest Of Honor

Miss Ruth Wilson of 118 North Louise street, who leaves Glendale April 11 for New York city to become the bride of Louis A. Lewis, was the guest of honor at a luncheon given yesterday by Mrs. Edward Rohr, 631 East Orange Grove avenue. A basket of white lilies, bridal wreath and roses centered the dining table. Little rose baskets filled with pink and white candies for favors, and placecards of brides were used. After luncheon, while still seated at the table, the hostess brought in a tray piled high with lovely gifts for the bride-elect's trousseau. A social afternoon followed. The guests were Miss Ruth Wilson and mother, Mrs. Bertha Wilson, Miss Dorothy Hunt and mother, Mrs. E. W. Hunt, Mrs. Charles Morse, the hostess, Mrs. Rohr and little daughter Frae.

GIVEN FAREWELL PARTY

Mr. and Mrs. Anthony Ambrosio, 146 South Jackson street, who will leave for St. Paul next Wednesday, were surprised by a number of their friends who gave them an informal farewell party at their home last evening. The guests were Mr. and Mrs. E. E. Harrington, Mr. and Mrs. Henry Krossmann and Mr. and Mrs. Oscar Stees of Glendale. Mr. and Mrs. H. Hoffman, Mr. and Mrs. Theodore Krabbenhoest and Mrs. Amelia Graf and daughter of Los Angeles. Refreshments of ice-cream and cake were served and a jolly good time enjoyed.

WILLIAM C. GENN IS DEAD

William Cobb Genn, aged 73 years, passed away last evening at his home, 244 Royal Drive, Eagle Rock. He was afflicted with heart trouble. Mrs. W. C. Genn and son Arthur survive him. Mr. Genn was a native of Bucksport, Maine. Funeral services will be held from the Little Church of the Flowers Saturday, April 2, at 2 p. m. Reverend Renshaw officiating. L. G. Scovern Undertaking company in charge.

MISS MARGARET M. LUSBY IS BRIDE Wedded To Harold F. Latter Of Oakland, Calif. ELABORATE CEREMONY AT CHURCH

Mrs. Harold F. Latter, who is Miss Margaret M. Lusby, daughter of Mr. and Mrs. C. D. Lusby, 118 East Park avenue, married last night at the First Methodist church, at an elaborate ceremony, Rev. C. M. Crist officiating.

Charming Glendale Girl Married in Midst of Bower of Flowers; Service Is Beautiful

Miss Margaret M. Lusby, daughter of Mr. and Mrs. C. D. Lusby of 118 East Park avenue, and Harold F. Latter of Oakland were united in marriage last night at the First Methodist church, Rev. C. M. Crist officiating.

The church had been beautifully decorated by Mrs. J. E. Phillips and Mrs. C. E. Russell, assisted by the members of the Philathea class. At the head of each aisle was a pergola of greenery and pink roses, from the center of which was suspended a bell of white carnations dotted with pink sweet peas. The entire altar was banked with greenery, palms, ferns, roses, bridal wreath and purple and white wisteria. At either side of the altar was a huge basket of lovely pink roses and wisteria, back of each of which were two electric candles, and at the center of the altar was a combination lamp and flower basket filled with bridal wreath and wisteria with a beautiful blue light reflected from the lamp shade. These electric candles and floor lamp furnished the only light in the church until the bride party entered, when all the lights were thrown on.

Musical Numbers Given
At 8:20 p. m., Mrs. Harriet Randall at the organ played the "Nuptial Song" (Dubois). This was followed by three vocal selections by Miss Isabel Isgrig accompanied by Mrs. Harriet Randall at the organ. "I Love You Truly," "I Love You" (Grieg) and "My Heart at Thy Sweet Voice" (Saint-Saens). These musical numbers were all very beautifully rendered. Mrs. Randall at the organ then began playing the wedding march from "Lohengrin" and the bride party entered. The ushers, Archie Latter and Albert Flood, cousins of the bridegroom, Evans Cheney of Los Angeles and Vern Wilson of Pasadena, marched in first in military step. They were followed by the bridesmaids, who wore gowns of the pastel shades of taffeta with picture hats of silver tulle and tulle and pink sweet peas and pink Columbia roses.

The bridesmaids were Miss Doris Latter, sister of the bridegroom, who wore a dress of yellow taffeta; Miss Muriel Turner, whose costume was of orchid taffeta; Miss Martha Ray, who was dressed in green taffeta; and Miss Eunice Pearl, gowned in blue taffeta. The bridesmaids were followed by the flower girl, Jean Tyrrell, dressed in orchid organdie with a pink satin sash and carrying a basket of pink sweet peas, which she scattered as the wedding party was retiring, and the ring bearer, Donald Lusby, nephew of the bride, who was in white and carried the ring in an Easter lily. The maid of honor, Miss Wuanita Emery, entered next. She was lovely in a gown of pink taffeta, picture hat of pink braid, and pink slippers, and carried a bouquet of pink roses.

Bride-Elect Enters
The bride-elect, Miss Margaret Lusby, then entered with her father,

TRUSTEES PLAN NEW BOND ISSUE FOR SWIMMING POOL

PROJECT WILL BE SUBMITTED TO VOTERS ON JUNE 28; DISCUSSION RESULTS

Once more will the voters of Glendale have the opportunity of registering whether a swimming pool shall be established by the municipality.

During the meeting of the Board of City Trustees last night, Trustee Lapham urged that Hartley Shaw, city attorney, be instructed to take the preliminary legal steps necessary to the submission of a bond issue for a swimming pool at the municipal election to be held June 28, when city officials are to be chosen under the provisions of the city charter, ratified by the people on March 29.

Over the protest of Trustee Henry, a motion by Trustee Lapham that the preliminary steps to establish a municipal swimming pool prevailed.

Says Boys Want Pool Hall

"The boys of Glendale don't want a swimming pool—they want a pool hall," asserted Trustee Henry, in opposing Lapham's motion.

"I don't agree with you," answered Lapham. "The boys of Glendale do want a swimming pool. It has been promised them and the voters should be given the opportunity once more of voting bonds for it. Let's forget about the parks, but let's give the young folks a place to swim."

"Yes, the boys want a pool, but not a swimming pool—they want a pool hall so they will not have to go to Los Angeles," asserted Henry. "I will vote against your motion." The proposition has been turned down by the people, why bring it up again?" "Because the young folks have been promised a swimming pool and I want to see them get it," insisted Lapham.

Proposed for Kenilworth Park

Discussion developed that a bond issue will be submitted for the establishment of a municipal swimming pool in Kenilworth park, also bonds for the payment of the amount still due on the park purchase price.

During the discussion, Dwight W. Stephenson, president of the board, declared he was heartily in favor of Lapham's motion and that he would do all in his power to have a municipal pool established.

"I believe that the people will vote the bonds this time," he said. "The project is a very worthy one and will have my hearty support."

Trustee Robinson also urged the passage of the motion. Mrs. Bartlett was not present at last night's meeting. On roll call, Trustee Henry voted against the motion, but it carried on the votes of Stephenson, Lapham and Robinson.

"The boys will not visit a swimming pool twice a month," commented Trustee Henry. "They want a place where they can meet at night—some place besides street corners. We should provide it, so they will not be going to Los Angeles."

MILK PRODUCTION

FRESNO, CAL., April 1.—The San Joaquin Valley Milk Producers' association will hold a meeting in this city tonight to perfect plans for a campaign to be launched to bring about a country-wide co-operative milk production.

PROMINENT PHYSICIAN OF RUSSIA ESCAPES BOLSHIEVSKI, COMES HERE

Dr. M. R. Katz and Family Leave Moscow, Now in Glendale; Guests of Mrs. Katharine Bartel

Dr. M. R. Katz, native and until recently a prominent citizen of Moscow, Russia, has an interesting as well as a pathetic tale to relate regarding his rather venturesome flight from that city. At present he and his family are staying with Mrs. Katharine Bartel of 822 East Lomita avenue, until Dr. Katz associates himself with some physician of this city or Los Angeles.

To start at the beginning, Mrs. Katz's father, A. Levine of East Windsor Road, came to this city several years ago from Russia, where his two married daughters and their respective husbands were recognized among the most prominent and well-to-do people of Moscow.

Dr. Katz was known as one of the country's foremost ear, nose and throat specialists with an extensive practice in the Russian metropolis, while the husband of Mr. Levine's second daughter was the owner of an elaborate 200-room hotel of that city. When the Bolshevists came into

power throughout Russia a little over a year ago they seized everything, leaving the state couple and Dr. Katz's little girl penniless and homeless except for two small rooms in their own hotel.

Facing starvation along with hundreds of other victims of the reign of terrorism Dr. Katz and his brother-in-law managed to exist for a year, but when conditions became such that food was scarcer than money, they decided to emigrate to America. Taking many chances and with much difficulty they finally managed to get out of the country, only by being classed as traitors to the government and threatened with arrest upon their return.

As the laws of California make it compulsory for a physician to reside in the state one year prior to taking the medical examination preceding practice Dr. Katz is at present endeavoring to become an assistant to some physician or surgeon in this locality. Dr. Katz has practiced twelve years in Moscow.

BUILDING MARK FOR MARCH IS FIXED AT \$473,462

TOTAL FOR THREE MONTHS OF
THIS YEAR IS \$814,923, AND
MAY EXCEED 1920

March—the third largest month in
the building history of Glendale—
showed a record of 184 permits to-
talling \$473,462.

Already this year \$814,923 in
churches, storehouses, houses and
garages are fast building up a mil-
lion mark in building which will be
passed by the middle of April, it is
believed.

Commenting on the showing, City
Building Inspector F. A. Marek says:
"From the present outlook, the in-
dications are that Glendale will ex-
ceed its last year's building record."

In a few minutes, Mr. Marek point-
ed out to the Glendale Evening News
representative where several hundred
thousand dollars more will be spent
in business blocks if tentative plans
of builders are carried to completion.

Following is a complete list of per-
mits issued during March:
Bishop of Monterey and Los
Angeles, 4-room church, \$53,390
Henry R. Harrower, 8 rooms,
1516 East Broadway, 11,000
G. Warren Schloot, one store
building, 135-137 North
Brand, 15,000
Charles B. Guthrie, six-store
building, 601-607 North
Brand, 10,000
Wm. Hildy, 4-story build-
ing, 200-206 West Broad-
way, 10,000
G. L. McNaught, garage and
repair shop, 306 East
Colorado, 8,000
(Continued on Page Six)

Mrs. Stillman Is Given More Money

POUGHKEEPSIE, N. Y., April 1.
—Mrs. "Fifi" Potter Stillman today
was granted a portion of the addi-
tional alimony and counsel fees
which she had asked in the divorce
suit brought by James A. Stillman,
president of the National City bank.
Justice Morschauer granted her
\$7,500 a month alimony, \$35,000
counsel fees and \$12,500 additional
expenses for witnesses. She had
asked that her temporary alimony be
increased from \$5,000 to \$10,000 and
for \$75,000 counsel fees.

BUTTER SHIPMENTS INCREASED
EL CENTRO, Cal., April 1.—Sins
February 16, the Imperial Valley
Milk Producers' association has ship-
ped to Los Angeles 152,195 pounds
of butter and in addition to these
shipments over 500 pounds have been
shipped to Arizona points making a
total output for Holtville the center
of the butter-raising industry over
156,695 pounds.

The shipments of butter have in-
creased over a ton a day according
to local dairymen and rapidly show
the growth of this district in the
dairy industry.

**STATEMENT OF THE OWNERSHIP,
MANAGEMENT, CIRCULATION,
ETC., REQUIRED BY THE
ACT OF CONGRESS OF
AUGUST 24, 1912**

of The Glendale Evening News, pub-
lished daily except Sunday, at Glendale
(Los Angeles Postoffice), Cal., for April
1, 1921

STATE OF CALIFORNIA } SS.
COUNTY OF LOS ANGELES }
Before me, a Notary Public in and
for the State and county aforesaid,
personally appeared A. T. Cowan, who,
having been duly sworn according to
law, deposes and says that he is the
owner and publisher of The Glendale
Evening News, and that the following
is, to the best of his knowledge and
belief, a true statement of the owner-
ship, management and circulation of
the said publication for the date "in-
closed" in the above captioned by the
Act of August 24, 1912, embodied in
section 413, Postal Laws and Regulations,
printed on the reverse of this form:
to-wit:

1. That the names and addresses of
the publisher, editor, managing editor,
and business managers are:
Publisher, A. T. Cowan, Glendale,
Cal.
Editor, A. T. Cowan, Glendale, Cal.
Managing Editor, A. T. Cowan, Glen-
dale, Cal.
Business Manager, A. T. Cowan,
Glendale, Cal.

2. That the owners are: (Give names
and addresses of individual owners,
or, if a corporation, give its name and
the names and addresses of stockhold-
ers owning or holding 1 per cent or
more of the total amount of stock.)
A. T. Cowan, Glendale, Cal.
3. That the known bondholders,
mortgagees, and other security holders
owning or holding 1 per cent or more
of the total amount of bonds, mortgages,
or other securities are: (If there are
none, so state.)
None.

4. That the two paragraphs next
above, giving the names of the own-
ers, stockholders, and security hold-
ers, if any, contain not only the list
of stockholders and security holders
as they appear upon the books of the
company but also, in cases where the
stockholder or security holder appears
upon the books of the company as
trustee or in any other fiduciary rela-
tion, the name of the person or cor-
poration for whom such trustee is acting,
is given; also that the said two para-
graphs contain statements embracing
affiant's full knowledge and belief as
to the circumstances and conditions
under which stockholders and security
holders who do not appear upon the
books of the company as trustees, hold
stock and securities in a capacity other
than that of a bona fide owner; and
that affiant has no reason to believe
that any of the said stockholders, or
corporation has any indirect interest or
indirect in the said stock, bonds, or
other securities than as so stated by
him.

5. That the average number of
copies of each issue of this publication
sold or distributed, through the mails
or otherwise, to paid subscribers dur-
ing the six months preceding the date
shown above is 1823.
(Signature of editor, publisher, busi-
ness manager, or owner.)
Sworn to and subscribed before me
this 20th day of March, 1921.
(SEAL) STELLA SMITH.
(My commission expires Apr. 24, 1922.)

MINUTES OF CITY TRUSTEES

The proceedings of the Board of City Trustees in session at the
city hall last night, as taken from the official minutes compiled by
J. C. Sherer, city clerk, are as follows:

Board assembled at 8 o'clock p. m.
Present, Trustees Henry, Lapham,
Robinson, Stephenson. Absent, Bart-
lett. Minutes of the regular meeting
of March 24, 1921, were read and
approved.

Zoning Ordinance
Mr. Guthrie inquired as to status
of the zoning ordinance and was in-
formed that it is in the hands of the
city attorney for preparation in ac-
cordance with the recommendations
of the zoning committee up to date,
but that after its presentation to the
board it may be amended and an op-
portunity be given to citizens inter-
ested in the matter to be heard in
regard to it.

Objects to Changing Street Names
Communication was read from
James F. Trueman objecting to any
change in the names of Vine avenue
and of Sixth street in the Grand View
district.

From H. B. and Inez Crocker
Communication was read from
H. B. and Inez Crocker requesting
that a business district be established
on the east side of Verdugo Canyon
road with a frontage of 400 feet
northerly from southwest corner of
Lot 1, Tract 919. Referred to the
committee of the whole.

Improvement of Maple Street
Communication was read from
A. B. Heacock objecting to the as-
sessment for the improvement of
Maple street. Referred to the city
attorney to report upon same at an
adjourned meeting to be held on
Monday, April 4.

From Automobile Club
Communication was read from
the Automobile Club of Southern
California calling attention to the
need for uniform rules, regulations
and charges for automobile camp
grounds, and inviting the city to be
represented at a meeting to be held
in Long Beach April 12. On motion
of Trustee Lapham, the city forester
was instructed to attend the meeting.

Sewage Disposal
Communication was read from
Watt L. Morland calling attention to
the fact that the city of Los Angeles
has engaged two eastern sewer ex-
perts to collaborate with Mr. Mulhol-
land of Los Angeles in making a sur-
vey and recommendations for a prop-
er method of sewage disposal. The
communication suggested that outly-
ing sections adjoining Los Angeles
should be considered in the treat-
ment of this question and suggested
further that the commission be re-
quested to consider the needs of Glen-
dale with a view of working out a
joint plan whereby all interests may
be served. Accompanying this com-
munication was a copy of a letter
written by the city manager in reply
to the same. The matter was re-
ferred to the advisory committee on
sewerage problem.

Request for Permit
William E. Roake made a written
application for permission to erect a
sheet iron garage on the rear of the
lot at the northeast corner of Brand
boulevard and Acacia street. Com-
munication said that the applicant
purposes to erect a permanent brick
building on the front of the lot and
desires the permit for temporary
structure only. Referred to the city
manager to investigate and report.

Nuisance Complained Of
Communication signed by James
H. Garmsey and eleven other citizens
in the neighborhood of Vine street
and Pacific avenue was presented to
the board by a committee that was
present complaining of the nuisance
caused by the keeping of a cow, goat
and horse by one Schneider, living
immediately south of the signers' re-
sidences adjoining the Pacific Avenue
school grounds. Communication
stated that premises complained of
are in an unsanitary condition and a
menace to the health and welfare of
the neighborhood. A number of
protestants were present and spoke in
regard to the matter, which was re-
ferred to the sanitary inspector and
the city marshal for investigation and
report.

Bids for Garbage
In accordance with advertisement
calling for same, bids were received
to care for the city garbage, as fol-
lows:
L. C. Orndorff, the present con-
tractor, proposes to pay the city 50
cents per ton for all garbage and
table waste delivered onto his truck
at any point within the city limits
east of Brand boulevard and north
of Broadway, and 25 cents additional
per ton delivered to his ranch two
and one-half miles west of Montrose.
The City Transfer, composed of R.
F. Allen and R. G. Rankin, makes an
offer to collect the garbage twice each
week in the residential sections and
daily in the business district for \$500
per month. Referred to the city
manager.

Report of City Recorder
The report of the city recorder for
the month of March shows receipts
of \$688. Ordered to be filed.

Demands
The demands were presented and
referred to the finance committee
and, on motion of Trustee Robinson,
approved and warrants ordered to be
drawn in payment of the same, all
voting aye on roll call except Trustee
Bartlett, absent.

Permit for C. W. Ingledue
In regard to application of C. W.
Ingledue for permission to remove a
two-story frame building from 119
East Broadway to Lot 16, W. S. Knott
tract, the city manager stated that

provision of the building ordinance
does not permit erection at that lo-
cation of a building of the class re-
ferred to. He suggested, however,
that the permit be granted with the
understanding that the building be
placed at least twenty feet from front
property line and that the building
ordinance be amended so as to elim-
inate from fire district No. 2 Lots 13
and 21, inclusive, of the W. S. Knott
tract. Referred to the committee of
the whole.

Permit to Remove Trees
The city manager recommended
that request of Mr. Melvin of 432
West Ivy street for permission to re-
move four acacia trees be granted. On
motion of Trustee Lapham, it was
so ordered.

In regard to the request of S. Ber-
man for permission to remove acacia
trees from the east side of Brand
boulevard south of Elk avenue, he
recommended that same be granted
and, on motion of Trustee Henry, it
was so ordered.

Request of E. S. McKee
Communication of the city man-
ager stated that E. S. McKee of the
Central Market had requested per-
mission to run drainage from his ice
box to the street gutter, as the owner
of the building would not allow it to
run in the cesspool. The manager
stated that as this permission had
been denied, Mr. McKee had made
application for permit to construct a
cesspool in the parkway on Wilson
avenue near Brand boulevard, and
the manager recommended that his
application be granted. On motion
of Trustee Lapham, recommendation
of the city manager was approved
and the permit granted.

Joint Ownership of Poles
The city manager presented an
agreement that had been prepared for
the purpose of terminating joint own-
ership of poles located in the south-
ern section of the city of Glendale
which were formerly jointly owned
by the Pacific Telephone and Tele-
graph company and the Southern
California Edison company. As the
successor to the Edison company's in-
terest, the city of Glendale acquired
the undivided half interest in the
pole line, and the communication
suggested that the city trade this un-
divided half interest of all poles men-
tioned for its sole ownership of one-
half of them. Referred to the city
attorney.

Crossing Pacific Electric Tracks
The city manager reported corre-
spondence with Chief Engineer John-
son of the Pacific Electric railroad
company in regard to the matter of
a crossing over the Pacific Electric
tracks just north of the Southern Pa-
cific railroad right of way in order
to transfer the northbound traffic
from the east roadway of Brand
boulevard. The communication stated
that as a result an easement for high-
way purposes across the Southern
Pacific right of way at Gardena ave-
nue had been received. In view of
the condition set forth in this ease-
ment the city manager suggested that
the city attorney be instructed to
place the matter formally before the
railroad commission. On motion of
Trustee Henry, it was so ordered.

Roadway on Brand Boulevard
In regard to paving the west road-
way on Brand boulevard over the
Southern Pacific tracks the city man-
ager reported that he had called the
attention of the superintendent of
the Southern Pacific company to the
necessity of this crossing being im-
proved, and had agreed that the city
of Glendale would furnish plans and
specifications, making no charge for
inspection or for any service the city
engineering department might be
called upon to render in this connec-
tion. He reported receipt of a letter
from Mr. Whalen, stating that he has
now requested the general manager
for an appropriation of \$2450 for
paving the west side of Brand boule-
vard at the above named point. Mr.
Whalen requested, however, that he
be advised if it will be satisfactory
to the city of Glendale if the company
pave only the west side of Brand
boulevard at this time. The city man-
ager recommended that Mr. Whalen
be informed that pavement of the
west crossing be satisfactory for the
present and further suggested that
the matter of establishing and main-
taining automatic flagman at this
crossing be taken up with proper
authorities. Referred to the commit-
tee of the whole.

The city manager was instructed to
invite Chairman Hayward of the
Chamber of Commerce committee to
meet with the trustees next Monday
evening.

Correspondence of Mr. Thompson
In regard to the letter of W. H.
Thompson of the Grand View district
in regard to water distribution in
that section, the city manager stated
that he had written a letter to Mr.
Thompson in reply to his communi-
cation, and requested that same be
filed in connection with Mr. Thomp-
son's letter. On motion it was so
ordered.

Public Service Department
The engineer of the public service
department reported good progress
being made on the construction of
the reservoirs and other work under
his supervision; completion of the
new pumping plant has been some-
what delayed by failure to receive
new motor promptly.

Opening of Stanley Avenue
On motion of Trustee Henry, an
ordinance previously presented to the

SEVEN MISSING AS RESULT OF LOSS OF GOVERNOR

WOMAN AND TWO DAUGHTERS
BELIEVED TO HAVE BEEN
DROWNED IN SINKING

SEATTLE, April 1.—With the ar-
rival here today of the steamer West
Hartland, with survivors of the
steamer Governor, rammed and sunk
by the West Hartland off Point Wil-
son early this morning, the probable
list of missing was reduced to seven.
Of these three are believed to be Mrs.
W. W. Washburn and her two daugh-
ters, Olene and Sadie, who are be-
lieved to have gone down on the Gov-
ernor. Washburn was rescued.

H. Webster, believed to be a wait-
er; Frank Christensen, second assist-
ant engineer; C. M. Aubritton and J.
Clancy, all members of the crew, are
also missing.

One woman, Mrs. Susan Cane, 66,
from Los Angeles, was seriously in-
jured, and was rushed to Seattle gen-
eral hospital. Several others sus-
tained minor injuries.

Loses Ship on First Trip
PORTLAND, Ore., April 1.—That
Captain E. P. Bartlett lost his ship
on his first trip is the statement of
port officials and United States ship-
ping board men. Bartlett was for-
merly port captain at Portland and
is well known here. He is said to
have submitted for Captain H. C.
Thomas on the present ill-fated trip
of the Governor. Captain Thomas
had commanded the ship for many
years, local representatives of the Pa-
cific Steamship company said.

The freighter West Hartland,
which collided with the Governor, is
registered from this port. She was
due to leave Vancouver, B. C., for
Bombay last night, according to op-
erating charts.

The West Hartland is of 8,800 tons
capacity and was built by the Colum-
bia River Shipbuilding company of
Portland.

Former Local Girl Is Dead Of Wound

Mrs. David Searing, aged 22, for-
merly Miss Catherine Lord of this
city, died at the Fullerton hospital
last night from what is said to be a
self-inflicted gun shot wound in the
head. Her husband, an oil worker,
was preparing to leave the house to
go to work yesterday evening when
the report of a revolver startled him,
he says. Rushing to the kitchen he
found his wife mortally wounded in
the head.

Mrs. Searing was a guest in Glen-
dale several days ago and her death
comes as a great surprise to her
many friends here. She was the only
daughter of Dr. and Mrs. A. N. Lord
who reside in Pomona. The family
formerly lived here at 427 North
Brand boulevard. According to tele-
phone information received by
friends of the family, the body will
be brought to Glendale for burial al-
though arrangements for the services
have not been made as yet.

HIS ONLY PROTECTION
"I told Brown your cure for snor-
ing, but he refuses to try it."
"Why?"
"He says if he were to cure him-
self his wife would make him go to
church with her."

board providing for the opening of
Stanley avenue in the manner con-
templated in ordinance No. 420, the
city of Glendale, was adopted as or-
dinance No. 435, all voting aye on
roll call except Trustee Bartlett,
absent.

Grade Ordinance
Trustee Henry presented an ordi-
nance establishing the grade of Mil-
ford and other streets and same was
read and laid over.

Election for Swimming Pool
A motion of Trustee Lapham was
adopted declaring the intention of
the board to submit to the electors
on June 28 next a proposition to vote
bonds to construct a swimming pool
in Kenilworth park and to make the
final payment for the park property,
roll call at follows: Ayes, Lapham,
Robinson, Stephenson; no, Henry;
absent, Bartlett.

Improvement Garfield Avenue
In regard to petition for im-
provement of Garfield avenue referred
to him at a previous meeting, the city
engineer reported that the same was
signed by property owners repre-
senting 31 per cent of the frontage.
On motion of Trustee Henry, the city
engineer was instructed to prepare
Resolution of Intention for the im-
provement of Garfield avenue as asked
for in the petition.

Map of Tract No. 3487
The engineer presented a map of
Tract No. 3487 and on motion of
Trustee Lapham same was adopted
and approved by Resolution No.
1178, on roll call, as follows:
Ayes: Henry, Lapham, Robinson,
Stephenson.
Noes: None.
Absent: Bartlett.

The motion of Trustee Lapham
was adopted that when the board ad-
journed it would be to meet on Mon-
day, April 4, 1921, at 7:30 p. m.

On motion the board adjourned.

Frederick O'Brien Sails For Samoa

Frederick O'Brien, noted author
and resident of Glendale, sailed from
San Francisco Wednesday for Samoa,
where he will join the Wilson II. on
a two years' cruise around the world,
during which he will write a book on
some of the unusual islands of the
South Seas. One of Mr. O'Brien's
latest books, "The Mystic Isles of the
South Seas" will be released April
15. After his return from this trip
Mr. O'Brien will go to Hawaii, where
he lived for a number of years, to re-
assemble some of the information
in regard to the islands necessary to
write a book on that topic.

ELKS WILL PLAY SAN FERNANDO
The Glendale Elks' baseball team
will journey to San Fernando Sun-
day afternoon to meet the winning
nine representing that city. Frank
Holborrow and William Bolin will
pitch for the locals, according to the
announcement made today by Man-
ager Vincent Salmacia. Quite a num-
ber of fans are expected to accom-
pany the team as a victory will mean
much in view of the aggregation it
is going up against.

Lightning struck a powder plant
containing six tons of powder in
Nashville, Tennessee. The plant
burned without explosions until con-
sumed with its contents.

URGES ACTION UPON STREET CROSSING ON P. E. TRACKS

CITY MANAGER MAKES REPORT AND MATTER TO BE PUT BEFORE STATE BODY

Holding that there should be no delay in acquiring and improving the crossing over the Pacific Electric Railway company's tracks just north of the Southern Pacific Railroad company's right of way, T. W. Watson, city manager, at the meeting of the Board of City Trustees last night, submitted a resume of the desired improvement and urged that the matter be formally placed before the State Railroad commission.

After the city manager's communication was read and briefly discussed, Dwight W. Stephenson, president of the board, referred the matter to Hartley Shaw, city attorney, and he will take it before the state commission.

The communication from the city manager follows:

"Under date of December 21, 1920, we wrote Chief Engineer C. E. Johnson of the Pacific Electric Railway company calling attention to the completion of the new boulevard by way of Brand boulevard to Los Angeles and stating that the city had under consideration the matter of a crossing over the Pacific Electric tracks just north of the Southern Pacific right of way in order to transfer the north bound traffic from the west to the east roadway of Brand boulevard. We enclosed a print indicating alternative locations for this crossing, one just north of the Southern Pacific right-of-way and the other at Gardena avenue.

Contains Conditions

"In response to this letter to Mr. Johnson we received under date of the 25th instant copy in duplicate of easement for highway purposes across the Southern Pacific right-of-way at Gardena avenue. This easement besides containing the usual reservations to maintain and operate railroad tracks thereon, etc., contains further conditions to the effect that the city agrees to construct and maintain such roadway crossing at its own cost and expense and that the city will install and pay the cost of maintenance of automatic flagman at this crossing if automatic flagman is deemed necessary at any time or is ordered by the Railroad Commission of the State of California. The easement is also contingent upon approval by Railroad commission.

"Upon investigating the deed by which the Pacific Electric acquired the private right of way in the middle of Brand boulevard extending through the Richardson estate, I find that the deed granting this right of way contains in substance the following:

"The party of the first part reserves the right to lay out streets across said premises at such points that he may see fit in the subdivision of his adjoining property and the party of the second part will thereupon make proper crossing at grade on and across the said strip of land to accommodate said street.

Change Suggested

"It might be well to call the Pacific Electric company's attention to the above reservations and suggest that the reservation in regard to constructing and maintaining this crossing be changed to the effect that the railroad company will construct and maintain such crossing over and between its tracks and on either side thereof and that the city construct and maintain the balance thereof; also the matter of maintaining automatic flagman at this crossing and as to whom should pay the cost thereof might be left to the Railroad commission.

"Inasmuch as there should be no delay in acquiring and improving this crossing, I would also suggest that the city attorney be instructed to place this matter formally before the railroad commission as I understand that will have to be done before the crossing can legally be established."

GRANT PERMISSION TO REMOVE TREES ON BOULEVARD

TRUSTEES PERMIT S. BERMAN TO TAKE OUT ACACIAS ON BRAND PARKWAY

S. Berman was last night granted permission by the Board of City Trustees, on recommendation of T. W. Watson, city manager, to remove seven black acacia trees from the parkway on the east side of Brand boulevard south of Elk avenue.

Mr. Berman was present at the meeting of the board and the recommendation carrying out his request was furthered by the motion made by Trustee Henry and unanimously carried.

Mr. Melvin, 432 West Ivy, was granted permission, on motion of Trustee Lapham, to remove two of the four acacia trees from the parkway at that address.

The communications filed with the board by the city manager relative to both requests follow:

"In regard to the request of S. Berman for permission to remove seven black acacia trees from the parkway on the east side of Brand boulevard south of Elk avenue, the business men and owners of property generally fronting on Brand boulevard seem to be almost of the unanimous opinion that parkway trees should not be maintained on Brand boulevard especially in those portions of it that are built up with business blocks. Accordingly the division of forestry has made no plans for maintaining shade trees on Brand boulevard.

Will Remove Palms

"Several years ago an order was issued by your board granting permission to any property holder upon application to the street superintendent to remove any of the palms from the parkways of Brand boulevard from in front of lots that were occupied by business blocks. This policy, of course, will result in the removal of practically all of the palms on Brand boulevard for at least three or four blocks north of Colorado street. South of Colorado street for several blocks there are no trees in the parkways except a few groups here and there, one of which Mr. Berman requests permission to remove. This group consists of seven large black acacia trees. It would be consistent with the policy above outlined to grant permission for the removal of these trees and I believe it would improve the appearance of the street from a business standpoint if they were taken out."

Two Out of Four

"Mr. Melvin of 432 West Ivy street requests permission to remove four acacia trees from the parking in front of the above address. There are four large black acacia trees here, two can be dispensed with to good advantage.

"I would respectfully recommend that permit to remove the two trees nearest the west lot line be granted."

Stolen motion picture films valued at \$50,000 were found by detectives in a coal bin in a New York tenement house.

Makes Report On Agreement Reached On Pole Ownership

T. W. Watson, city manager, at the meeting of the Board of City Trustees last night, reported on the agreement reached between the city and the Pacific Telephone and Telegraph company relative to the ownership of poles located in the southern portion of Glendale. The entire matter was referred to Hartley Shaw, city attorney, for his views. The city manager's report follows:

"The attached agreement has been prepared for the purpose of terminating joint ownership of poles located in the southern section of the city of Glendale which were formerly jointly owned by the Pacific Telephone and Telegraph company and the Southern California Edison company. When the city of Glendale purchased the electric distribution system in the southern portion of the city from the Southern California Edison company, the one-half interest in the poles referred to was acquired by the city of Glendale. Under this proposed agreement the city of Glendale will acquire the sole ownership in one 30-foot pole, thirty-five 35-foot poles, seventy-six 40-foot poles and three 50-foot poles, and the telephone company will acquire the sole ownership of three 30-foot poles, forty-seven 35-foot poles, fifty-four 40-foot poles, three 45-foot poles and three 50-foot poles. The consideration in each instance is \$672.74. This is in effect really the trading by the city of its undivided half interest of all the poles mentioned for entire ownership of one-half of them. When this has been accomplished each party will pay the other for the use of such of these poles as may be used jointly in accordance with authorized agreement therefor between the city and the telephone company."

A mail carrier in Kewanee, Illinois, entered the government service twenty years ago, and has not failed to make his regular trip for a single day in all that time.

BUILD NOW

Lumber is Lower

DO YOU KNOW

THAT the United States started the year 1920 with a deficiency of 2,000,000 homes?

THAT during the year 1,250,000 marriage licenses were issued?

THAT the average yearly increase in population is about one and one-half million people, or 275,000 families?

THAT during 1920 there were only 70,000 new homes built and today we are in dire need of something like 3,000,000?

Every thinking man and woman can conceive of but one suggestion from these facts, and that is—building materials are sure to go higher as soon as 1921 building activities get under way, and that now is most surely an opportune time to build.

Better consult our photographic building service for plans and arrange to get the home started at the earliest possible time.

AMATEURS STAGE VAUDEVILLE ACTS

FIVE NUMBERS TO BE GIVEN

AT GLENDALE THEATRE

WITH REGULAR BILL

Tonight Manager W. A. Howe of the Glendale theatre introduces an innovation in presenting five acts of amateur vaudeville and professional tryouts from the stage of his popular picture playhouse.

In other theatres throughout Southern California, programs furnished by the booking agency from which these acts are secured, the shows prove a great drawing card and it is expected that a capacity house will greet the headliners of tomorrow when they make their initial bow in Glendale.

All this at the first show in addition to Eddie Lyons and Lee Moran in the latest five reels of laughs entitled "A Shocking Night," which more than pleased those seeing the film last night.

The second show will include the latest Pathe News and "Trouble Bubbles," a Century comedy series. Remember, the vaudeville appears at the first performance only. Tomorrow the ever popular Harry Carey stars in "Hearts Up."

NOTICE OF ASSESSMENT

VALLEY WATER COMPANY, a corporation, its principal place of business being located at La Canada, County of Los Angeles, State of California, (postoffice address of said corporation being R. F. D. No. 13, Box 117, Los Angeles, California).

NOTICE IS HEREBY GIVEN that at a meeting of the board of directors held on the 24th day of February, 1921, an assessment of fifty cents (50c) per share was levied upon the capital stock of the corporation, payable February 24, 1921, to E. A. Brigham, treasurer of Valley Water Company at the office of said corporation, to-wit, at the residence of E. A. Brigham, La Canada, County of Los Angeles, California, (the postoffice address of said corporation being R. F. D. No. 13, Box 117, Los Angeles, California). Any stock upon which this assessment shall remain unpaid on the 11th day of April, 1921, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 26th day of April, 1921, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

F. D. LANTERMAN,
Secretary of Valley Water Company, R. F. D. No. 13, Box 49, Los Angeles, California.

SOUTHERN PACIFIC'S FIRE DISTRICTS OF GLENDALÉ TO BE OFFER OF PAVING IS DISCUSSED. FINALLY FIXED

TRUSTEES HEARD REPORT ON PROJECT; TO GET VIEWS OF LOCAL C. OF C.

Paving of the west roadway of Brand boulevard over the Southern Pacific Railroad company's tracks was discussed at the meeting of the Board of City Trustees last night, following the presentation of a report and suggestions of T. W. Watson, city manager. The board decided to discuss the matter further at a committee of the whole meeting next Monday night at which E. P. Hayward, chairman of the Chamber of Commerce committee on highways, will be invited to attend and give that organization's views. The city manager's report follows:

"In regard to paving west roadway of Brand boulevard over Southern Pacific tracks, pursuant to verbal understanding with your board we wrote W. H. Whalen, superintendent of Southern Pacific company, Los Angeles, Cal., calling attention to the necessity of this crossing being improved with a substantial pavement to take care of the large amount of traffic that would be carried by the new boulevard to Los Angeles lately completed. We stated to Mr. Whalen that we had been authorized by your board to say that in the event the Southern Pacific company decided to have this improvement done without legal proceedings, the city of Glendale would furnish plans and specifications therefor and will make no charge for inspection or for any other service the city engineering department might be called upon to render in that connection.

"In reply to this letter Mr. Whalen under date of February 17, 1921, states that the Southern Pacific company will arrange to pave that portion between its tracks and rails and for two feet on each side thereof in accordance with agreement with the city of Glendale dated July 18, 1916, setting forth that 'It appears that the city of Los Angeles and the city of Glendale are paving those portions of Brand boulevard approaching our right of way on either side, the cost of such improvement is not being assessed against private property adjacent thereto. Therefore, it appears to me that this paving being done should be extended across our right of way and paid for in the same manner.'

"In reply to this under date of February 23 we wrote Mr. Whalen as follows: 'As to the payment of the cost of paving the additional portion of the Southern Pacific right of way at this crossing, will say that we had in mind that this should also be paid for by the company inasmuch as the property holders adjacent to the right of way both within the city of Los Angeles and the city of Glendale are paying the cost of the pavement of the roadways to the Southern Pacific right of way.

"In my letter of the 11th instant, I referred to the city of Glendale putting in the approaches. I had reference to the replacement of paving that will be necessary in order to meet the present grade of the tracks approaching from the north. The property holders, however, pay for the original paving and I understand that the paving now being constructed within the city of Los Angeles is also being paid by the property holders.

"In reply to this we have received a letter from Mr. Whalen dated March 29 stating that he is now requesting the general manager for an appropriation of \$2450, which is the estimated cost of paving the west side of Brand boulevard across the Southern Pacific right of way. The work that the company proposes consists of new ballasting, ties, rails, street pavement, curb and sidewalk. He requests us to advise him if it will be satisfactory to us if they pave only the west side of the boulevard at this time.

"In view of the fact that the larger portion of the traffic will be carried by the west roadway, I would recommend that Mr. Whalen be informed that the pavement of the west cross-

ing Fire districts for the city of Glendale will, it is expected, be definitely outlined and redrawn by the committee of the whole of the Board of City Trustees at a meeting to be held next Monday night. This was indicated at the trustees' meeting last night when a communication from T. W. Watson, city manager, was read in reference to a request from C. W. Ingledue for permission to remove a frame building located at 119 East Broadway to Lot 16 in the W. S. Knott tract, this city.

Trustee Lapham declared that he was opposed to frequent changes of the fire districts and he urged that definite districts be outlined and maintained.

It developed that an ordinance setting forth new fire districts is being prepared and, probably, will be finally decided upon at the committee of the whole meeting Monday night. The new districts are made necessary by the city's rapid growth.

The communication from the city manager in reference to the application from Mr. Ingledue follows: "In regard to application of C. W. Ingledue for permission to remove the two-story frame building located at 119 East Broadway to Lot 16, W. S. Knott tract, city of Glendale, referred to us at the last meeting of your board, we beg to report as follows:

"The lot referred to is in fire district No. 2. The provisions of building ordinance applying to fire district No. 2 do not permit the erection therein of a building of the class referred to. We believe it would be well, however, to grant this permit with the understanding that the building be placed at least twenty feet from the front property line of the lot and that fire limits be changed so as to eliminate from fire district No. 2 all of Lots 13 to 21, inclusive, of the W. S. Knott tract and that the front twenty-five feet of these lots be included in fire district No. 1 as well as all of Lots 1 to 9, inclusive, of the W. S. Knott tract."

The communication will be considered by the committee of the whole, when, it is expected, the new fire districts are outlined.

On motion of Trustee Lapham, the trustees granted the application of E. S. McKee of the Central Market, 144 North Brand, for permission to construct a cesspool in the parkway on Wilson, near Brand, on recommendation of the city manager, whose communication follows:

"E. S. McKee of the Central Market, 144 North Brand, boulevard, a few days ago requested permission to run the drainage from his ice box in the street gutter stating that the owner of the building he is occupying will not permit him to run this drainage into the cesspool. We told him that we have found it inadvisable to permit any such drainage to be deposited in the street gutter and suggested that he provide an independent cesspool for it at some convenient location.

"Accordingly he has made application for a permit to construct a cesspool in the parkway on Wilson avenue near Brand boulevard to take care of the water from his ice box until a sewer system is installed.

"We would respectfully recommend that his application be granted."

ing as proposed by him will be satisfactory for the present, urging that the installation be made without delay, inasmuch as the present temporary pavement cannot be kept in satisfactory condition to carry the heavy traffic that is passing over this crossing at this time.

"I would also suggest that the matter of establishing and maintaining automatic flagman at this crossing be taken up with proper authorities; possibly this will have to be passed upon by the railroad commission as to whom should pay the cost thereof."

Automobile Show At Long Beach, April 4-9

Arrangements for the big Long Beach Auto show are rapidly nearing completion. The big tent that is to house the show is up and the beautiful trees brought down from the Santa Cruz forests have been put in place inside the tent to make a sylvan setting for the hundreds of beautiful models that will lure thousands of automobile owners and prospective buyers from all over the southland.

April 4-9 are the dates for the show. Atlantic avenue and Sixth street, Long Beach, is the place. The Long Beach Auto Trades association are sponsors for the exhibition, which is to be held in connection with Long Beach Prosperity Week, staged by the business men of the beach city.

A tremendous attendance is predicted for the auto show. Attractive special features are being prepared and special attention is being given to the arrangements for the comfort of the visitors, a large lounging and smoking room being one of the features. It is hoped that one day may be set aside as "Navy Day" with Admiral Rodman as the guest of honor.

CLOTHING IS CHEAP, BUT—SAN FRANCISCO, April 1.—Here's a few clothing prices in San Francisco today:

Best suits, \$2.37.
Working suits, 67 cents.
Women's aprons, 24 cents.
Men's hats, 12 cents.
Raincoats, 20 cents.

No, this isn't an April fool joke. You can buy them and to prove it the department of commerce has them on display in the commerce rooms in the custom building. They are here to show American merchants what ingenuity can do and what they may have to compete with. They come from Germany and are made of paper covered with a wax preparation that makes them durable and waterproof and by the importers they are claimed to be practical to a high degree.

One advantage of crossing the English channel by airplane is the ability of the aircraft to rise above the fogs which are the greatest source of danger to vessels in that crowded sea tract.

Keep Your Home Sanitary Use PRONTO

No longer need the housewife suffer the continual annoyance and expense of clogged drains. PRONTO—a remarkable preparation especially designed to dissolve and remove grease, lint, hair, sediment and other causes of wastepipe stoppage; positively and promptly opens clogged drains. PRONTO sells at 65c a can; a trifling cost for open drains compared to plumbers' bills.

Pronto Headquarters—Your Grocer

If you cannot obtain PRONTO at your store, write Pacific Chemical Company, Los Angeles.

Two Arraigned On Charge Of Burglary

Loren Noyes, aged 19, and Vidan Miller, aged 20, who were arrested and charged with burglary at the W. L. Truitt home, 317 West Doran street, were arraigned before City Recorder F. H. Lowe Wednesday afternoon and remanded to the county jail in lieu of \$200 bail. Their preliminary hearing was set for April 5. It is understood that Miller's parents, who reside in Los Angeles, secured his release on bonds yesterday afternoon.

The women of Java are being taught Occidental theories of equality with men. The progress of the suffrage movement is necessarily slow, but many believe in its ultimate success.

Bill Teasley Held At Juvenile Hall

Bill Teasley, aged 15, who shot his father, William H. Teasley of 1001 Melroe avenue, during an altercation about two weeks ago, will be kept under observation at Juvenile Hall in Los Angeles. He fled to the hills but later returned home where his mother resides. During his hearing before Judge Weyl, Bill smiled when his father died. The judge wondered why and the boy explained: "I always smile back at any one who smiles at me."

That bootlegger whose car was ditched on the Vancouver road wouldn't have been running without lights if it hadn't been for the moonshine.

Prosperity Week

Without a Motor Car

If you are one of the many newcomers in Glendale you may not know that you can take one of the most beautiful scenic rides in Southern California without a motor car.

You may not know that for a single street car fare you can ride through one of the most charming valleys to be found anywhere, past pretty mountain cottages and more pretentious country estates with views of mountain vistas, wooded dells and canyon streams unsurpassed.

The Glendale & Montrose railroad traverses such a section, taking a course through the mountain pass known as beautiful Verdugo Canyon and passing near the old adobe that was the original ranch house on the Verdugo estate in the days of the Dons.

The road emerges from the canyon at Montrose where new views are seen and then on to La Crescenta where from the heights you look upon scenes of unsurpassed beauty.

Convicted Of Theft, Freed On Probation

Russell Walker, a Pasadena youth, convicted of the theft of Ernest Butler's touring car from the parking space adjoining a local theatre, was given two years' probation when he appeared in Superior Court for sentence yesterday morning, according to Glendale police officers who were present. Walker's two accomplices who were juveniles also are out on probation.

Big Wind Carries Infant Into Home

The strong wind which stripped several clothes lines of their vestments last Friday showed partiality to the home of Mr. and Mrs. J. M. Rainville of 425 West Dryden street, by blowing in an eleven-pound baby boy. Besides being fortunate in that respect, the infant son has the distinction of being born on Good Friday, and if omens mean anything at all he already has a big "head" start.

More Publicity For Glendale Is Sought

The publicity and advertising committee of the Glendale Chamber of Commerce will meet Monday night at headquarters to consider ways and means of getting this city's opportunities before the tourists coming to California.

Six hundred cubic feet of space is allowed for each British soldier in barracks.

PETTY POLITICIANS CAUSE OF STRIFE IN PHILIPPINES

J. G. HERTWECK OF N. VERDUGO ROAD GETS COMMUNICATION RELATIVE TO ISLANDS

By DALE WOOD
J. G. Hertweck of North Verdugo road, who for twenty years was a resident of the Philippine islands while engaged in government work, has received a communication from Mrs. Sofia de Veyra, wife of Congressional Representative de Veyra from the islands, who is now at Washington.

This letter sheds light on the Philippine question from the standpoint of the natives, stating in part:

"We have been in Washington, D. C. since 1917, when my husband was elected as one of the delegates to congress from the Philippines. One important work here is the stamping out of misrepresentation to which the Philippines have been subject for many years, fostered by malicious and imperialistic people.

"Probably you can help us eradicate this nauseating insult because of your long residence in the islands."

Doing Personal Politics

Mr. Hertweck, in commenting upon the situation, says that the "malicious and imperialistic" people referred to by Mrs. de Veyra are the broken-down politicians and political favorites who are in the islands for their personal financial gain.

"Although the United States has meant everything to the islands in educational and industrial lines," he continues, "they have not been giving the Filipino a fair chance politically, and conditions have been grossly misrepresented in this country."

It is Mr. Hertweck's opinion that there should have been a military rule in the Philippines until conditions were thoroughly settled and the people educated to a democratic form of government. Instead, the democratic freedom was prematurely thrust upon them and because of their ignorance in governmental affairs, the United States found it necessary to render needed aid along administrative lines, according to this former resident of the islands.

Calls Inquiry "Mistake"

"But the petty politicians sent there," he states, "have been meddling ever since and this 'protective' has become a favorite ground

Glendale Nine And South Pasadena Play

This afternoon the Glendale Union High school baseball team plays South Pasadena at the latter place in the second Central league game of the season. A large number of students are accompanying the nine.

The possible line-up is as follows: Dennison, catcher; Herman, pitcher; Westman, first; McNary, second; McDonald, short; Fruhling, third; Terzo, left; Merriken, center; Johns, right.

Local Bike Riders Wanted For Contest

Wm. A. Pfeifer, proprietor of a bicycle shop at 141 South Brand boulevard and who won first place in a bicycle race at the Stadium in Los Angeles a few weeks ago, is endeavoring to line up a team of four riders to represent Glendale in a "suburban" race, which is scheduled to take place in the near future. Anyone desiring to compete should get in touch with Pfeifer as soon as possible.

PRICE OF FOODSTUFFS DROP

SAN FRANCISCO, Cal., April 1.—A real criterion to prove that the wholesale price of foodstuffs have declined was submitted this week when the city called for bids to supply city institutions for the months of April, May and June. Figures compiled by the supervisors who received bids proved them to be from 20 to 30 per cent decreased over the bids submitted and accepted in the quarter just past. These lower prices according to the supervisors will mean a saving of approximately \$20,000 to the city treasury.

Several rivers in Siberia flow considerable distance under ice.

for exploitation by all sorts of grafters who call themselves experts in governmental work."

Mr. Hertweck says that the proposed congressional investigation of conditions in the Philippines, headed by Major General Leonard Wood, is a terrible mistake, as the Filipinos have no trust or liking for him. He also believes that the school system in the islands is turning out a surfeit of professional men and consequently there are many natives leaving the country, and the problem of keeping them satisfied on the plantations is becoming serious. Agricultural schools would probably solve this problem, he believes.

It is little wonder, according to Mr. Hertweck, that the Filipinos are tired of American red tape, politicians and investigations and now are seeking independence.

TWENTY-EIGHT NEW HOMES BUILT BY LOCAL CONCERN

ROMMEL CONSTRUCTION CO. IS TAKING ACTIVE PART IN DEVELOPMENT OF CITY

There's a history back of Rommel-built homes, which are rising in Glendale, that few know of as they read the sign "Rommel Construction company."

The firm here, which is composed of John Rommel and his son, H. E. Rommel, has built twenty-eight homes since it opened offices in Glendale last June. Most of these residences were built and sold after completion, although several have been contract jobs.

Messrs. Rommel came to Glendale from Louisville, Ky., where the senior member of the firm is still interested with two other brothers in the Rommel Construction company, which operates on a large scale, building roundhouses, railway depots, schools and churches—in fact, any industrial or civic work.

Prior to 1902 the Rommel Construction company operated in the vicinity of Los Angeles, and John Rommel returned to this section of the country last year to determine where they would again center their activities.

Glendale Is Chosen
After looking over all of Southern California it was his opinion that Glendale was destined for the great growth with the result of his active entry into the building field here with his son. It is the intention of the Rommels to transfer their crews here in the near future and engage in general construction as well as continuing with their specialty of homes.

The Rommel Construction company of Glendale is a member of the Los Angeles Builders' Exchange and is to become a factor in the prosperity of the southland, as is evidenced by the program which John and H. E. Rommel have entered into here.

FRANCE SEEKING TO REMAKE MAP OF MIDDLE EUROPE

AMERICAN LEGATION IS NOT
TAKING ANY PART, BUT
'WATCHFUL WAITING'

ATHENS—That a new map of Middle Europe and the Balkans is in the making and bears the indelible marks of the Quai d'Orsay is the widespread conviction of Greek statesmen here.

To most of Western Europe Greece carries indisputable evidences of pro-Germanism, a trait that in itself alone is sufficient to draw down the uncompromising hostility of France. Since Constantine's return, French and British diplomats have had nothing to do with the new government. Serbian, Belgian, Portuguese and other nations dominated by the Allies have been non-committal. The Yugoslavs have actually been openly hostile. Roumania's attitude also has given the government here no little worry and embarrassment.

Just "Watchful Waiting"

The attitude of the American Legation—one of the most influential legations in Athens—has been that of "watchful waiting" or "benevolent neutrality."

The new political map of the Balkans, according to authoritative entente source, calls for a reorganized "Little Entente." The first "Little Entente" was chiefly the work of Take Jonsescu, Roumanian premier and foreign minister. It consisted of a so-called combination of Greece, Yugoslavia, Czechoslovakia and Roumania. Greece favored it because it fortified her against future aggression on the part of Bulgaria and Turkey. Roumania figured that it would help her retain permanently the Dobruja and other territory wrested from Bulgaria and Austria-Hungary. Yugoslavia, at that time engaged in discussions over Fiume and Dalmatia needed a moral force to impress Rome. Czechoslovakia wanted protection against a revitalized Hungary.

Fostered by France

Having attained her ends, Yugoslavia today is uninterested in the Little Entente. Belgrade's refusal to renew the Serbo-Greek treaty is regarded as the first definite step towards withdrawing from all engagements with the Greeks.

The new alignment, fostered by France, is said to call for a combination consisting of Poland, Czechoslovakia, Yugoslavia and Bulgaria and eventually with whatever power, other than Greece, controls Constantinople. Such a grouping would offset and isolate Germany and other Balkan powers influenced by her. Greece and Roumania would be separated, while at the same time France's proteges would be in favored positions.

Greece is counting upon Britain's interest to block the scheme of France. On the other hand, Germany's actions meanwhile may make it expedient that England and France remain united. In that case Greece probably will be the one to suffer.

Hunting Diamonds In South Africa Jungle

NEW YORK—William J. LaVerre, James MacDonald and Dudley Lewis recently sailed from this port to search for the undiscovered source of diamonds in British Guiana.

They will outfit at Georgetown and will journey in a houseboat up the Essequibo river and then 170 miles up the tributary of the Mazaruni river. There they will explore the watershed of the Pacaraima mountains on the borders of Guiana and Venezuela.

"We have reason to believe," said La Verre before he left, "that somewhere in this area lie the chimneys from which all diamonds found in sporadic districts of British Guiana have come. This opinion is based on the data collected by other prospectors and explorers and on my own observations in a previous visit."

Diamonds were first found in British Guiana in the middle of the last century. The interior is a tropical jungle. There has been no systematic exploration and all the diamonds found have been washed in gold miner's cradles along the banks of the streams.

The diamond fields of Brazil discovered in 1725, far to the south of Guiana, yield only a small output. The British Guiana yield, even with the crude methods used, has been no inconsiderable part of the South American output. South American diamonds rank among the world's purest and most brilliant stones.

With the expense of mining in South Africa becoming yearly heavier and the yield decreasing in a way that leads many to believe those rich fields are approaching exhaustion, now is the psychological time, experts declare, for the discovery of new fields.

LINES TO A NEPHEW

Oh, do not worry, little lad,
Because the good die young;
You'll live, I'm very sure, until
You're taken out and hung.

WHY? DON'T KNOW! SUGAR
BEETS ARE BEING PLANTED,
ALSO SEED POTATOES

Colored beans are coming back into favor. Probably because of their flavor.

Maybe it's all in their color. But that's the latest word from the San Fernando valley ranchers.

Sugar beets are being planted again, too.

Almost forgot that they used to be the principal crop in the country back of Glendale, didn't you?

All of the seed potatoes have been planted.

And now the farmer friends of ours are looking for more rain. Two inches more is what they ask from Jupiter Pluvius.

Then they'll feel satisfied that good crops are assured.

This grist of news is brought to Glendale today by John Teel, who ranches near Owensmouth.

Last Year's Crop in Storage

He states that his last year's crop of lima beans is still stored awaiting an upward trend in the market. This year he is going to try the kidney bean and potatoes.

According to Mr. Teel, the growers in his neighborhood are confident that the demand for their products will be good, and while there has been temporary depression, especially with the leasers who did not have the capital to store their bean crops last fall, the prospects are good this year.

California Leading In Fruit Producing

BERKELEY—"California is the leading fruit-producing state in the Union. That statement alone does not adequately express its relative rank. It is the leading producer of each kind of fruit grown in the United States, except apples, pomeles and berries, and in these it takes high rank. The state produces nearly all the almonds, English walnuts, apricots, nectarines, olives, lemons and prunes and approximately one-half of the pears, grapes, plums and peaches grown in the United States, declared Professor J. C. Whitten, professor of pomology at the University of California in a recent article.

"At the present time the average income of the state for fruits and fruit products is approximately one million dollars per day, throughout the year, if we omit Sunday and holidays.

"California is the only state in the Union and the only country in the world in which fruit production is the major branch of its agriculture. This has resulted in the creation of horticulture specialists who have brought the fruit production of the state to the premier place in the Union, said Whitten.

Legal Difference In 2 Kinds Trade Marks

WASHINGTON—A legal difference between a "registered trade mark" and a simple "trade mark" was brought out in the supreme court decision recently in the suit of the Stark Brothers Nurseries & Orchards company of Louisiana, Mo., for damages against the William P. Stark Nurseries of Stark City, Mo.

When the decision was handed down it was announced that the Stark Brothers Nurseries company had lost this suit. The statement was correct, but the inference placed upon a brief report of the decision was misleading. The Stark Brothers

Nurseries company had won in the United States circuit court of appeals a suit for damages against the William P. Stark Nurseries and also an injunction restraining the latter from using the family name for a trade mark. This circuit court decision limited the damages to begin from the time when notice of registration of the trade mark was served.

Upon this limitation only the Stark Brothers Nurseries company appealed to the supreme court. It was this appeal against limiting the damages that the supreme court denied. In its decision the supreme court said:

"The infringement that is sued for is an infringement of a registered trade mark, not infringement of a trade mark."

The court said that the plaintiff

had rights in the trade mark prior to the order of its registration, but that those rights were not involved under the statute under which the appeal to the supreme court was made.

The Stark family nurseries was operated by three brothers after the death of their father, the founder, in 1880, until 1909, when the youngest brother, William P. Stark, withdrew and formed the rival company that was defendant in this suit.

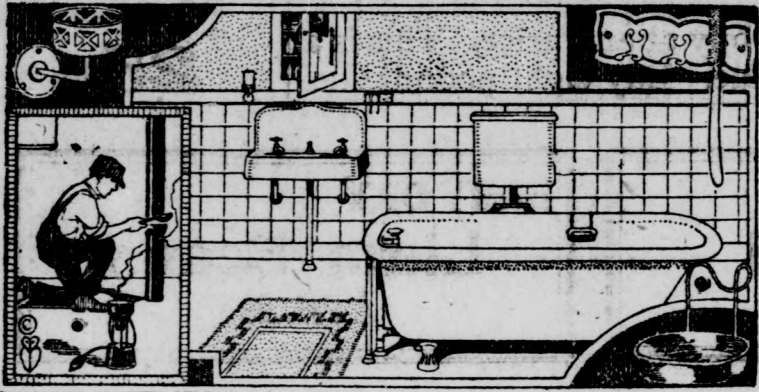

Some one member of the Murphy family, of which Jimmy Murphy, a United States senate stenographer, is the last surviving member, has been reporting the senate proceedings ever since 1840. Jimmie's father, who recently died, was a senate reporter, and so was Jimmie's uncle.

BOSTON'S MAYOR IN VISITING LICENSES RAGS; CUTS WOOD TO BE OBTAINED TO EARN FOOD TO AID GUESTS

SPENDS NIGHT IN MUNICIPAL LODGE; WEARY EXECUTIVE HUNTS FOR 'INSIDE'

BOSTON—It was a weary and tattered mayor of Boston who came to the city hall today. The mayor, Andrew J. Peters, seeking to learn at first hand unemployment conditions and how the city is meeting them, spent the night incognito at Wayfarer's lodge, where the city shelters the homeless and feeds them in the morning.

In a room with forty unfortunates he lay on a municipal bed and said he slept fairly well. He was routed out at 5 o'clock and sent to the woodpile. After four hours there, it was decided he had earned his breakfast and with the oatmeal, bread and coffee eaten he went to the city hall.

Only Secretary Recognized Him

The figure with frayed coat and faded hat was halted at the door of the mayor's office, and it was not until his secretary passed and saw him that he was recognized and admitted.

Mussed-up raincoat, muddy boots, old brown suit and faded flannel shirt with a faded handkerchief as a neck-piece, had effectually disguised the ex-congressman and assistant secretary of the treasury.

The mayor threw his weather-beaten hat on the glass topped table, dropped into a restful arm chair and remarked to his staff that it was the first really comfortable minute he had had since he entered the Wayfarers' lodge last night at 10 o'clock.

Wood Chopping an Appetizer

"Chopping wood is certainly an excellent way to get up an appetite," he added. "It seemed a long time before we could stop work and go in for breakfast."

"As a whole, the Wayfarers' lodge is to be congratulated on the way it is run. The quarters are well kept and clean. The men I saw at the lodge were strong, able-bodied, able to work and, I assume, willing to work."

"I saw absolutely no signs of drink or dissipation. I am most anxious to help to get employment for these men."

"I went up to the superintendent of the lodge, whom I have met there before, and, wishing to make some pleasant remark, asked him if he did not know a good many of the people who came in there. He gave me a cold eye, and said: 'I don't have to know anyone I don't want to.' He was at the door when I left and I said that I would come back some time and that I hoped he would remember me."

Catching a twenty-quart nitroglycerine torpedo as it was blown from the casing by a flow of gas, a workman in the oil fields of Breckenridge, Texas, held it until fifty persons and two hundred quarts of the explosive on a wagon reached safety. He then dropped it back into the hole and escaped.

Good news for motorists visiting southern California from eastern points is contained in an announcement made by officials of the Automobile Club of Southern California, that this organization will open a new department to secure licenses for all visitors.

All county offices of the club as well as the Los Angeles headquarters will participate in this activity. It is a well-known fact that visiting motorists must have "visiting" and California licenses and in securing these they will be relieved of all responsibility by the automobile club.

Glendale motorists are asked to keep this fact in mind and if at any time they have friends or relatives who own automobiles from out of the state visiting them, advise them to call at the automobile club for their licenses.

According to police and county officials throughout southern California, strict enforcement of the state law in regards to visitors' licenses will be carried out from this time on.

Hearing On Soviet Bill To Be Given

ST. PAUL, Minn.—Asserting that a revolution threatens in this country and that the revolt may be averted by adoption in Minnesota of Russian soviet principles of government, Representative Frank E. Miner of Minneapolis prevailed upon the house committee on civil administration to make another attempt to give a public hearing on his occupational representation bill. A meeting scheduled last week on the same measure proved a fizzle.

"There may not be a revolution with gun battles," said Representative Miner, "but when railroad, flour mill and other workers refuse wage reductions and strike, you will think you're in a revolution."

"But we believe there are other means of getting changes in this country without a revolution," he added, "and in my opinion there is more merit in this than in any other bill in the legislature."

The bill provides for submission at the next election of an amendment to the state constitution to reorganize the state legislature along soviet lines. Members would be chosen and compensated according to their occupations and there would be but one house which would sit quarterly.

A coin-operated shoe-polishing machine polishes both shoes at the same time for a nickel, requiring only one and a half minutes for the operation. The dust is removed, the polish applied and rubbed on every part of the shoe automatically.

ASTRA STUDIO NOW FORMER RESIDENTS BEING ENLARGED OF MISSOURI TO FOR NEW WORK HOLD MEETING

INCREASING PRODUCTION AND PLANT IS EQUIPPED TO MEET ALL DEMANDS

Enlargements are being made at the Astra Film Corporation plant on Verdugo Road in eastern Glendale with a view of increasing the production there. Demands are great at present, it is said, for one and two-reel high class pictures and several companies are busy at the local studio working on such programs. James Adams, James Horne and Lloyd Hamilton are all busy while Jack White has just completed a series of comedies.

L. J. Gasnier, president of the corporation, is putting the plant's production on a high order and has two outdoor daylight stages and an inside stage crowded all of the time. One western street scene which has been built at the Astra plant in the Verdugo foothills is very popular with other companies, the Anderson company having just completed "shooting" the town and the Doubleday outfit is working there at present.

Studio Has Many Features
A completely equipped carpenter shop, electrical department, drafting room, artists' studio, film-developing laboratories and projecting room are features of the studio and Mr. Gasnier is making plans for many more innovations to his plant which is a great asset industrially to the community.

One of the largest scenes filmed recently was done last night at the plant, many Glendale people watching the show.

AN AWFUL POSSIBILITY

An Australian dignitary was being entertained by New York society. For what seemed to be endless nights he was dragged through the intricacies of the pigeon-walk, the fox-trot, the camel-limp, and the rest. At last came his day of departure.

"Please, madam," he implored of his late hostess as they parted at the gang-plank, "don't ever come to Australia."

"But, wh-wh-why not?" gasped that surprised and offended lady.

"Because," answered the Australian, wiping his brow, "I don't want you ever to see a kangaroo at play."

Dr. James R. Angell, president of Yale university, is a Harvard man from Chicago.

CHARLES E. STOKES, HEAD OF ASSOCIATION, TO TALK IN SCHOOL'S AUDITORIUM

Next Tuesday night, April 5, former residents of Missouri will hold an interesting and important meeting at the Glendale high school auditorium at 8 o'clock.

Charles E. Stokes, president of the Missouri association, will be present and will tell about the great Missouri Centennial celebration to be held at Sedalia, Missouri, next August, and also about the Missouri picnics to be held May 14 at Long Beach and July 9 at Lincoln park.

A good program is being arranged for Tuesday night. There will be no admission charge.

There are a number of former residents of Missouri now making their home in Glendale and, too, there are many Missouri folk here for a short stay. All are expected to attend the meeting and hear the address by President Stokes.

Nearly Hundred Lions Slain By This Hunter

SONORA, Cal.—Ninety-two mountain lions killed this season is the record J. Bruce, state lion hunter, boasts and announced that the season is just beginning.

Bruce was dispatched this week with his champion lion hunting dogs into Tuolumne county in response to a call by Ranger Stephens of the forest service, to help stop the slaughter of deer by lions in this section. The forest service is co-operating with the fish and game commission in the protection of game. Many deer have been found by the rangers recently that have been killed by lions. The game commission estimates that a lion will kill about 50 deer in a season.

Bruce announced during his first three days in the district that he has bagged two big females, both heavy with young. Later he followed this announcement that for the week he had killed eight within a small area of the Jupiter district and has big expectations of many more.

Eight dollars a month is the highest rent paid by any resident of Repaupo, New Jersey.

THREE TWO BANDS TO PLAY AT ONCE AT CONVENTION

BIG TIME IS ASSURED FOR
REUNION OF ELKS; NUMBER
OF FEATURES PLANNED

Members of the Glendale lodge of Elks are hearing many things of interest concerning the Elks' reunion to be held in Los Angeles.

Bands, cowboy bands, mounted bands and bands with as many as 110 men; thirty-two bands in all; exactly enough to station a band at every street corner from First to Eighth streets on Main, Spring, Broadway and Hill and have them all play at once; representing the city's bowl filled with bands—such is to be one big feature of the Grand Lodge Convention of Elks in Los Angeles in July.

"It will be the finest array of bands ever seen on this coast," said Charles A. Betzler of the Grand Lodge entertainment committee.

"The cowboy band is coming from Idaho and there will be 100 mounted Elks prancing behind. Philadelphia has wired for reservations for 410 Elks, and of this number 110 will play in a single band."

Auto In Canada Is Steadily Increasing

CALGARY, Alta. — Plush-lined limousines have no place in rural western Canada, but nearly every farmer has a car and to meet the growing demand particularly in the agricultural districts Canada imported 2,265 automobiles from the United States in 1920. This is in addition to the big output of the factories and branches in Canada.

During the same period, according to figures compiled here, Canada imported from the United States 1,376,727 barrels of gasoline and 6,500,000 barrels of crude oil.

Western Canada now has one automobile for about every fifteen residents.

NOTICE OF TRUSTEE'S SALE

WHEREAS, By deed of trust dated February 10, 1920, recorded March 1, 1920, in book 6986, page 244, of Deeds, Records of Los Angeles County, California, to which record reference is hereby made, Herbert H. Van Loan and wife, did grant and convey the property therein and hereinafter described to Leigh Bancroft, of Los Angeles, California, as Trustee to secure among other things the payment of two certain promissory notes executed by them, in favor of Thomas E. Atwater, or order, one of said notes being for the principal sum of two thousand dollars and the other for the principal sum of one thousand dollars, and each bearing interest as therein provided, and payable upon the terms and at the times therein particularly set forth, both of which notes are specifically set forth in said deed of trust, reference to which is hereby made for further description thereof; and

WHEREAS, Said Thomas E. Atwater for a valuable consideration, after, on the 23rd day of August, 1920, grant and assign each and both of said notes, together with all his right, title and interest in and to said deed of trust and the property conveyed thereby, to Mrs. W. S. Fleming, a single woman; and

WHEREAS, On August 25, 1920, said Mrs. W. S. Fleming for a valuable consideration did grant and assign to Laura Bancroft each and both of said notes, together with all her right, title, and interest in and to said deed of trust and the real property conveyed thereby; and

WHEREAS, Said Laura Bancroft is now the owner and holder of each and both of said promissory notes and is the owner and holder of all rights as beneficiary under said deed of trust securing payment thereof; and

WHEREAS, There has been default in the payment of the principal of and interest due on said notes, and the total sum of \$2113.75 now due and unpaid as principal and interest upon said notes; and

WHEREAS, In accordance with the provisions of Section 29 of the Civil Code of the State of California, said Laura Bancroft, the owner and holder of each and both of said notes, caused to be recorded in the office of the County Recorder of said Los Angeles County a notice of such default in the payment of principal and interest and of her election to cause the property described in said deed of trust to be sold, in accordance with the provisions thereof to satisfy said notes and each of them, which notice of default and election to sell was duly recorded in book 7186, page 263, of Deeds, Records of Los Angeles County, California; and

WHEREAS, Said trust deed provided that if there is a default in the payment of any of the sums secured thereby, then upon application of the holder of said notes the trustee shall give notice and sell the property secured by said notes; and it is hereby declared that it shall be necessary to satisfy the indebtedness secured thereby, together with such costs and expenses as may be incurred, as provided in said trust deed; and

WHEREAS, Said Laura Bancroft by reason of the default in payments as stated has requested said Leigh Bancroft, as trustee, to give notice and to sell said property, or so much thereof as it shall be necessary to sell to pay all the indebtedness secured and expenses incurred necessary to the execution of said trust deed.

NOW, THEREFORE, Notice is hereby given that said Leigh Bancroft, by virtue of the authority vested in him as trustee, will sell at public auction to the highest bidder, for cash in gold coin, on the sixteenth day of April, 1921, at the hour of eleven o'clock A. M. of said day, at the western front entrance of the County Court House in the City of Los Angeles, County of Los Angeles, State of California, all the interests conveyed to him by said trust deed in and to the following described property, to-wit:

Lot Eight (8) in Block Six (6) of the Tropico Boulevard Tract, in the City of Glendale, County of Los Angeles, State of California, as per map of said tract recorded in Book 4, page 95, of Maps, in the office of the County Recorder of said County.

Or so much thereof as shall be necessary to pay the total amount of the principal and interest of each and both of said promissory notes, together with all advances, expenses, charges and costs, amounting to the sum of \$3,442.35, due and unpaid.

IN WITNESS WHEREOF, Said Trustee has hereunto set his hand this 24th day of March, 1921.

LEIGH BANCROFT, Trustee.

More Upon Luxuries Then For Education

WASHINGTON—More money was spent for luxuries in the United States in 1920 than was expended on education in the entire history of the country, according to figures today in the office of Dr. P. P. Clayton, United States commissioner of education.

The total spent on luxuries in 1920 was \$22,700,000,000. In 1918, the country spent \$919,729,258 for elementary and higher education. From the beginning of American history and until 1920, a grand total of \$16,645,000,000 was devoted to education.

Included in the figures are items for public education, elementary and secondary, normal schools for the training of teachers, colleges, universities and professional and technical schools, whether supported by public taxation or privately owned. Salaries for teachers, cost of buildings, upkeep and equipment also are included in the total.

Completed figures for 1918 show that instructors in all of our schools received salaries totaling \$492,745,240.

Here is how the luxury budget of Uncle Sam looks:

For face powder, cosmetics, perfume, etc.	750,000,000
Furs	300,000,000
Soft drinks	350,000,000
Toilet soaps	400,000,000
Cigarettes	800,000,000
Cigars	510,000,000
Tobacco and snuff	800,000,000
Jewelry	500,000,000
Chewing gum	50,000,000
Ice cream	250,000,000
Luxurious service	3,000,000,000
Joy rides, pleasure resorts and races	3,000,000,000

Claxton pointed out that the people of the United States blew away in smoke of cigars and cigarettes \$300,000,000 more than was spent on all forms of education in 1918, while the total cost of in all forms of tobacco in 1920 was five times the total of teachers' salaries in 1918. If the people who smoke and chew would only take two smokes in the place of three and two chews in the place of three and devote the money thus saved to support the schools, the salaries of all teachers could be increased by more than 120 per cent, he said.

ABSORBING STORY AT PALACE GRAND

FRIVOLOUS GIRL FINDS BABE
IN PARK AND INTERESTING
PICTURE IS DEVELOPED

An absorbing story of how a frivolous, money-loving girl, blind to the finer things of life, is regenerated through a baby she finds in a park, and who awakens her maternal instinct, is told in the George Fitzmaurice production of "Paying the Piper," which is at the Palace Grand theatre again today. It is the sort of story that will interest all classes, because it deals with the real basic things of life.

Barbara Wyndham, the spoiled daughter of a New York millionaire, has lost her appreciation of the finer things of life. She marries Larry Grahame, son of another millionaire, because all girls of her set marry so that they can be divorced and be "smart." After the marriage a Wall Street panic sweeps away their wealth.

"His Bitter Half" is the Vanity comedy that created a laugh furor last night while the music was equal to the pictures. Tomorrow William S. Hart in "O'Malley of the Mounted," said to be his best picture, is the feature that should pack the Palace Grand.

A plant grows in Japan which furnishes a sort of vegetable leather. It is a pretty shrub called the mitsumata, and its inner bark, after going through certain processes, is converted into a substance as tough as French kid, so translucent that one can almost see through it, and as pliable and soft as calfskin.

CALL SESSION WITH PROPERTY OWNERS OVER TAXATION

REPRESENTATIVE OF CITY IS
INVITED TO BE PRESENT
AT OAKLAND MEETING

A representative of the city of Glendale has been invited to attend a conference of property owners from all cities in the state of California with 5000 population or more and the officials of the California Real Estate association at the Hotel Oakland, Friday and Saturday, April 8 and 9. Taxation and its relation to real estate in California is to be discussed, according to the call issued by Fred E. Reed, president of the association, who says:

"Four billion dollars' worth of real estate paid one hundred and twenty million dollars taxes last year in California for municipal and county purposes. This was 85 per cent of the total taxes paid. The remaining 15 per cent was borne by licenses and fees and fines and a very slight proportion by personal property.

Investigation Proposed
"The physician and lawyer in our communities with an income of \$25,000 a year," continues Mr. Reed's letter, "pay practically no tax whatever, although they receive just as many benefits from most of the functions of community government as do the largest property owners in our state.

"It is the intention of our State Real Estate association to investigate such a condition as this and to suggest a remedy to our legislators at Sacramento during their present session."

This American Lawyer First To Take Silk

LONDON—Congratulations are being showered on R. Newton Crane of New Jersey, on being the first American barrister to become a king's counsel.

This office is entirely honorary, but it gives a right of pre-audience in all the courts. The king's counsels' robes are of silk instead of the ordinary alpaca of which the juniors' gowns are made and the honor carries a great amount of prestige, along with certain legal etiquette which tends to have rather injurious financial effect, so that "taking silk," as it is called, is only possible to the great men who have "got there" and do not depend upon their profession for a livelihood. A king's counsel is prohibited by legal etiquette from accepting much of the minor business which falls to the junior's share.

Discussing his new honor Crane said, "I read the oath very carefully and I find that it doesn't strain my American conscience the least bit. Of course, the honor is very gratifying. I have not felt so pleased since I was made a Bencher of the Middle Temple."

Crane has been at the English bar since 1894, when he was traveling in the British Isles with Mrs. Crane, who fell ill. "At that time," explained Mr. Crane, "we stayed here and, in fact, have been here ever since."

This Anglo-American barrister's specialty is international law. He is chairman of the London branch of the American Navy league, and has been chairman of the American Society in London. He founded the "Newark Morning Register" with Richard Watson Gilder, and afterwards edited the St. Louis Globe-Democrat.

WORTH SOMETHING

The schoolmaster was explaining the meaning of "B. C." and "A. D." and to see if his lesson got home he asked the boys what they would do if they found an old Roman coin stamped with the year B. C. 68.

"Ignore it as a forgery," said one boy, whose experience as a stamp collector had sharpened his wits.

"Very good," said the master. "Obviously the minters of that time would know nothing of Christ."

"I'd pick it up, though," said the schemer of the class; "it might fit a slot machine."

As Good as New

That's what you will say about your gown, coat, suit or blouse when we return it to you after having cleaned or dyed and pressed it.

We clean everything that is cleanable, garments of all kinds, curtains, blankets and rugs.

We have the most modern equipment and experienced workmen.

You have only to phone
GLENDAL 155
And we will call for your work and deliver.

DEVELOPMENT HERE IN LEAD, STATES S. P. OFFICIAL

GREAT INDUSTRIAL GROWTH IN
THIS SECTION, DECLARATION
OF FRED E. WATSON

Fred E. Watson, assistant general passenger agent of the Southern Pacific company with headquarters in Los Angeles, was a visitor at the Glendale Chamber of Commerce yesterday and advised Glendale people that if they want a station and other accommodations not accorded them at present to patronize the facilities offered at the Pacific Electric station.

In this way the great amount of business Glendale contributes to the Southern Pacific can be shown in black and white. As it is now, people who go to Los Angeles to purchase tickets to distant points or ship freight are simply taking advantages away from this city, says Mr. Watson.

Greatest Development Here

"The development industrially between the northern limits of the Southern Pacific's Los Angeles yards and through Glendale to Burbank is greater now than in any other section of southern California," was the surprising comment of Mr. Watson to Secretary James M. Rhoades of the Chamber of Commerce.

This would indicate that Glendale will become a center for thousands of factory workers who will be employed in plants along the San Fernando Road and the Southern Pacific right-of-way. All in addition to the thousands of office and film workers who already are making their homes here while working elsewhere as well as the permanent citizens who are engaged in business or are retired.

Hugh Merchant Fleet Is Idle In Harbors

NEW YORK—Up and down the Hoboken piers, riding at rusting anchors in New York harbor, anchored desolately in the Hudson, are scores of empty ships, manned by skeleton crews and costing thousands and thousands of dollars every day, eating themselves up in their "keep."

The situation in New York is no different from that at Boston or Norfolk or New Orleans.

Scattered through freight yards from New York to the Pacific Coast are idle freight cars—425,000 of them. On sidings at New York and other ports are 28,000 freight cars, bursting with manufactured goods intended for coastwise traffic. The goods can't be moved because nobody will accept them at "the other end."

There are 616 idle merchantmen in the United States shipping board fleet, a total of 3,235,000 tons of wasted commerce carriers and more than 50 per cent of the shipping board's entire tonnage.

In recounting the statistics of this trade situation New York business men are not pessimistic. They look upon these conditions as the inevitable result of war and the beginning of liquidation. And in connection with the idleness of these ships and the daily wastage, they point to the fact that foreign merchant fleets are just as severely hit.

So they are going about trying to remedy the situation to put those 3,750,000 tons of shipping to work, to fill up the empty freight cars and unload the full ones. And what will effect such a miracle, to their minds, is: Establishment of foreign credit through corporations under the Edge law, and the financing of good security of American business with other nations.

New York financiers and men interested in the foreign trade financing corporation recently formed to aid in this work are hopeful of Herbert Hoover's promised reorganization of the department of commerce as one of the medicines to be administered to our sick foreign business. But they argue that all Hoover's efforts will avail little unless America gets behind the foreign credit idea and helps our best customers find the cash to do business until normal conditions are restored.

Italian Discoverer Of Luminous Paint

ROME—Engineer Giulio Ulivi has made several new discoveries, which are being adopted by state authorities. One is luminous paint, which he calls "scotoscopia." It is sufficiently strong to enable one to read in the dark.

Italian railways are contracting to apply this substance to the roof of railway carriages and will paint with this same substance all inscriptions on exterior of compartments, which the public would otherwise be unable to read at night. This product can also be used for advertisements in streets and on walls of cinemas as the soft light shed by luminous paint does not hinder the projection of the film. Negotiations with certain theatres are already far advanced to apply this invention to safety exits and fire extinguishers.

Italy is importing spaghetti from the United States.

Blind Engineer Will Be Educated By State

HIBBING, Minn.—The re-educational department of Minnesota has chosen Edward McCormick of Hibbing, blind graduate engineer, as the first student of northern Minnesota to receive an education in a particular course.

M. A. Morse of the re-educational department, after making a thorough survey of the state, chose Mr. McCormick as the man best fitted to receive the education the state affords to men who have been incapacitated by injuries. Mr. McCormick will take a course in law under Victor Johnson, Hibbing lawyer. The course will extend three years and examinations will be held every three months. Mr. McCormick was one of the most brilliant engineers on the Mesaba range, when misfortune befell him, but he has been cheerful through all his troubles.

Mr. McCormick recently was a candidate for supervisor.

Prisoners Start Fire, Try To Break Jail

GASPER, Wyo.—A sensational attempt at wholesale jail delivery was frustrated here when passersby discovered flames bursting from the county treasurer's office, which adjoins the county jail. The blaze was controlled before any prisoners escaped.

County authorities declared that J. T. Mitchell, held on a charge of raising bank drafts, and Joe DeFrantz, arrested for robbing home-stealers' cabins, set the fire in an effort to free themselves and many other prisoners held in the jail.

Mitchell is known as a "bad man" and is alleged to have threatened the life of Sheriff Martin, who arrested him here several weeks ago.

It has been discovered that certain retailers are making a profit of 567 per cent on onions. But even so strong and fearful a case as this is not, it seems, unconstitutional.

Blame Railroads For Various High Prices

CHICAGO—The responsibility for high prices of foodstuffs was ascribed to railway rates by speakers before the national shippers' conference.

Speakers said that "cabbage, selling in Chicago for 7 cents per pound, is sold for \$3.50 a ton in Texas," and "oranges are rotting in the groves of California under signs reading 'too cheap to sell, help yourself.'"

The conference, representing farmers, manufacturers, miners and others, rejected a proposal that a permanent organization be formed to be known as the National Organization of Shippers and Consumers, but indicated that resolutions of protest from the present conference would be sent to congress and to the railway executives of the country.

Tacoma fuel dealers announce a reduction in the price of wood. They should advertise that their choice cuts are chopped.

Two Are Accused Of Game Law Violations

HIBBING, Minn.—Two arrests for game law evasions have just been made by Game Warden George Wood. Joseph Webb was bound over to the juvenile court on a charge of having muskrat skins in his possession out of season. According to the game warden, young Webb had trapped the muskrats at Clear Water lake, north of Sherwood.

Arthur Mahaleck, Kelsey storekeeper, was arrested by the game warden last week charged with having animal skins in his possession, obtained out of the season. He paid a fine of \$50 and costs and the furs were confiscated. The St. Louis, Mo., firm which had purchased the skins will also be arrested under the federal laws.

A DEFINITION
Each flea firmly believes that he lives on the most wonderful dog in the world. That's patriotism.

Gives His Coin Away Fast As He Makes It

DENVER, Colo.—There's one big-hearted man in Colorado. He is Harry Popst.

Popst startled court officials here when he told them he didn't want money and that he gave it to needy persons as fast as he made it.

Popst, ragged and unkempt, was picked up half-starved by a policeman here. When brought into court as a vagrant he answered, in reply to a question of what he did with his money:

"I came to Denver to have a good time. I had it by giving my money to those more needy than I. In the eyes of the law I'm a vagrant. In my own heart I'm a gentleman, glad to enjoy God's blessings without craving for man's supreme creation—money."

"Discharged," said the judge.

Swedish railroads are using peat as fuel.

ROMMEL HOMES

ONE of the most important steps toward bringing conditions back to normal is the inauguration of a building program commensurate with the country's crying need for adequate housing.

In Glendale

The Rommel Construction Company is carrying out such a program locally. We are building ROMMEL HOMES and they are becoming increasingly popular.

ASK ABOUT A ROMMEL HOME

Any owner of a Rommel-built home will tell you of the satisfaction derived from having a competent builder. You can have a house built in a surprisingly short time to suit your own ideas.
